

CTH A – USH 14 ROAD MARSH CREEK BRIDGE & APPROACHES, Rock County, WI

Owner: WI D.O.T.

Prime Contractor: Vista Design & Construction

Contract Value: \$487,029

Project Timeline: Completed by November 2008

Scope:

The old single span structure was replaced with a cast in place sub and superstructure supported by pre-cast girders.

Services:

Vista was responsible for site clearing, demolition and removal over a waterway, piling, backfilling, rip rap and erosion control.

Features & Challenges:

- One of the main challenges was to accommodate the local community, maintain noise, and provide access to surrounding homes.

Resolution:

All services were completed on time and within budget to the satisfaction of the Owner.
